- Always had great examples and was ready to answer questions
- Dominic was great! He was really good at facilitating discussion. Super relaxed guy but still very smart. He responds to emails and questions whenever you have them and is always willing to help. He was not overbearing in any way a let us have a lot of freedom in the class without going out of bounds. Everyone felt comfortable speaking and if discussion was stagnant then Dominic was good at getting the conversation rolling again. He's a nice guy and I would definitely take a class from him again if he were teaching.
- provided interesting insights during class discussions encouraged us to think critically about the things we were learning
- Guided class discussions in a format; he'd start off with interesting findings from the readings and then encourage what implications could be drawn from them afterward. It created a feeling of participating a discussion you could contribute to easily.
- Approachable, helpful, nice, understanding.
- Professor Gibson was very encouraging in discussion, he did a good job lowering the pressure and encouraging students to contribute and think outside the box.
- Dominic always gave extremely helpful feedback on assignments and gave very thorough responses to all questions. He really cared about facilitated interesting discussions that aided in our knowledge of the subjects. He was also always available to talk about any concerns or questions we had.
